myEnglish

INNOVATIVE DIGITAL LEARNING TECHNOLOGY PAIRED WITH A HUMAN TOUCH

Our eLearning avatar Annabel guides users through the program, offering insights on the nuances of the English language.

With over 1,000 hours of engaging content designed for serious learners, Ardor Learning's myEnglish mobile app is the most comprehensive language learning app on the market.

INTERACTION IS THE KEY to learning a new language! The myEnglish app offers a variety of content, including videos, audio and articles to test vocabulary and reading comprehension as well as speaking and listening skills.

LEARNING A LANGUAGE ISN'T EASY. Let Ardor Learning's new cutting-edge technology help you acquire language skills that will have a lifelong impact and that you can use immediately in your everyday life.

HOW DOES IT WORK?

myEnglish Content

- iPad
- Android
- Mac/PC
- iPhone
- Tablet

ACCESS ONLINE OR FROM YOUR MOBILE DEVICE

You can access myEnglish through a web browser on your desktop computer, or by downloading the app from Apple or Google Play Store.
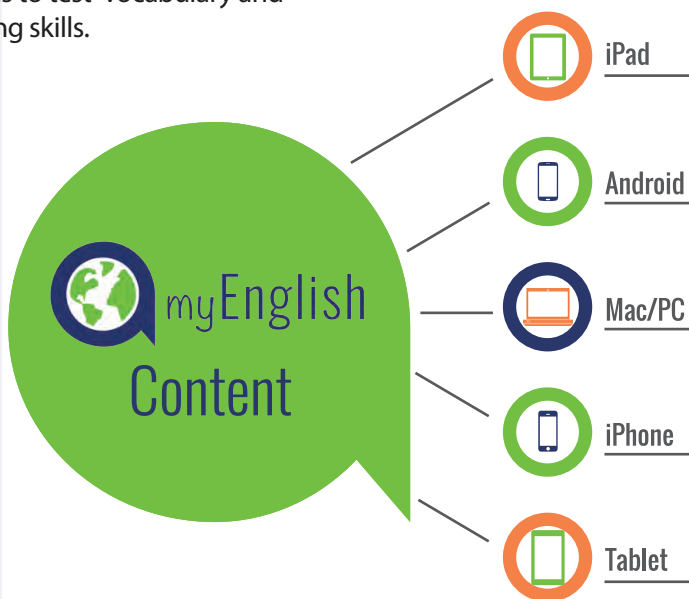

LOG IN

Log in with your myEnglish user name and password.

STUDY

You now have access to the content of your current myEnglish course level!

EVALUATE

Check your learning progress by completing the self assessment at the end of each unit.
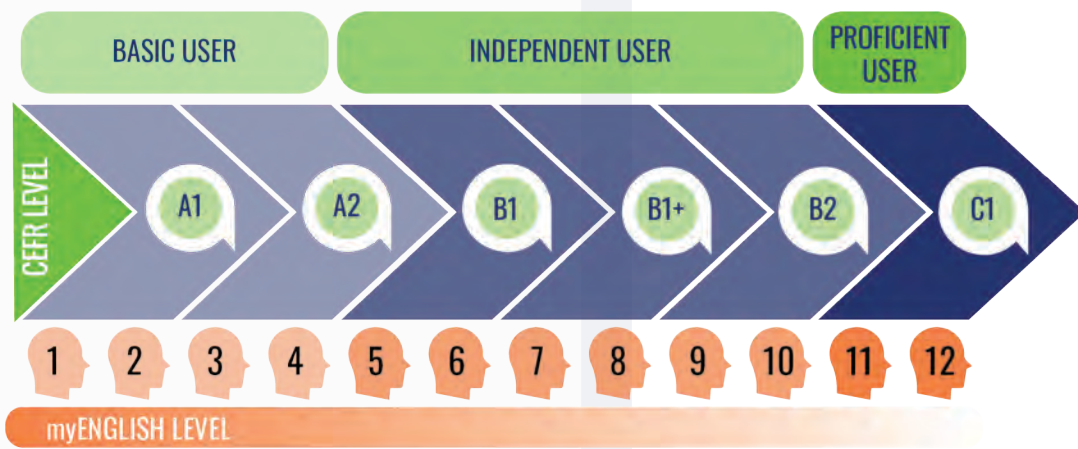

LEARNING ACTIVITIES

With over 200 types of learning activity, including voice recording and interactive videos, the myEnglish app allows you to make the most effective use of your study time.

FULLY SYNCHRONIZED

All the learning activities carried out on your smartphone, tablet, or desktop computer are recorded in the myEnglish platform. You can choose to study using the method that best suits you, and you can alternate between devices without losing your place - the myEnglish program will capture all your activity.
